12.9.7 PELLFIX M045

BARRACHINA'S

ASPECT: White liquid

BRIGHTNESS: Mate

SOLIDS: 11.4-13.6

PH: 7.2-8.5

PRECAUTIONS: See instructions on the packaging and in the Safety Data Sheet.

Characteristics

Combination of urethanes with suitably formulated tactile agents.

Good Coverage Power.

Good print retention.

Application Field:

For full-grain and corrected-grain leathers, where it is necessary to cover defects, without the need to use large amounts of pigments, maintaining the natural appearance of the leather.

Instructions for use:

Apply the Pellfix M045 with a spraying gun and then iron at 90/100 °C with the appropriate pressure in each case.

Security:

Look up the general security section.

Barrachinas cannot control the conditions under which its products are used, therefore do not accept responsibilities concerning the results and/or consequences from its usage.
