

BARRACHINA'S

TECHNICAL INFORMATION

14. LEATHER GOODS FINISHINGS

14.6 TINTA MT-130

CHARACTERISTICS:

Composed of urethanes and high concentration acrylic resins, conveniently colored and formulated to achieve a high filling, covering power with a matt gloss and a dry permanent touch with a great flexibility and grip.

APPLICATION FIELDS:

For leather edges in leather goods manufactured.

INSTRUCTIONS FOR USE:

It can be used as a manual applicator or as an automated process.

SECURITY: Look up the general security section.

OBSERVATIONS: TINTA MT-130 is normally served in the colors Black and Brown. For special colors, consult our laboratories in the area or the central one.

Barrachinas cannot control the conditions under which its products are used, therefore do not accept responsibilities concerning the results and/or consequences from its usage.
