

TECHNICAL INFORMATION

7. SPECIAL PRODUCTS

7.10 DIFUMINO BL

CHARACTERISTICS:

Solvent lacquer properly formulated to promote anchoring on all skin types.
Its appearance is that of a transparent liquid with a characteristic smell of solvents.
To color it, we will use metallic complex dyes.

APPLICATION FIELD:

For all skin types where you want to achieve blurring or shading in different areas of the article, as well as excellent hold.

INSTRUCTIONS FOR USE:

After thoroughly cleaning glues and other dirt, apply the DIFUMINO BL spray gun or airbrush to blend at an appropriate distance.
It is important to have a good application cabin, equipped with a good extractor, water curtain and a good light so that the application is correct.
It is advisable to wear a protective mask.

SECURITY:

Look up the general security section.

Barrachinas cannot control the conditions under which its products are used, therefore do not accept responsibilities concerning the results and/or consequences from its usage.
