

TECHNICAL INFORMATION

9. SOLES, EDGES AND HEELS FINISHING

9.13 TINTA RAPIDA

CHARACTERISTICS:

Emulsion of properly formulated nitrocellulose in a solvent medium. Its appearance is that of a colored liquid in the desired tone.

APPLICATION FIELD:

For full-grain leathers and generally leathers with good reception, where we want to make a color change.

INSTRUCTIONS FOR USE:

After cleaning the leather, apply the TINTA RAPIDA with a brush to change the color of the leather. We will subsequently apply a final top coat according to the desired appearance.

SECURITY:

Look up the security pages.

REMARKS:

Ours zone laboratoires will supply you with any coloured **TINTA RAPIDA**.

Barrachinas cannot control the conditions under which its products are used, therefore do not accept responsibilities concerning the results and/or consequences from its usage.
